PROFILE SUMMARY

I design and build digital experiences that connect, with the ability to turn complex ideas into simple, engaging solutions. My multicultural background and bilingual fluency enable me to collaborate seamlessly across diverse teams, bringing fresh energy, inclusivity, and innovation to every project. My passion for art deeply influences my approach to UI/UX design crafting digital experiences that are intuitive, engaging, and built to inspire. Driven by creativity and the desire to make technology more human, I strive to create work that leaves a lasting impact.

WORK EXPERIENCE

UI/UX Design Intern | Tam Holding Group

Qatar | September – November 2026

- Developed detailed user flows and functional workflows defining user journeys, interactions, and navigation across mobile applications, websites, and administrative dashboards.
- Designed interactive wireframes and high-fidelity prototypes in Figma, translating business requirements into intuitive, user-centred interfaces.
- Designed multiple corporate websites and administrative dashboards across Tam Holding Group's portfolio of companies, focusing on usability, functionality, and visual consistency.
- Created user interfaces for mobile applications, incorporating structured layouts, intuitive navigation, and consistent design elements.
- Designed corporate business cards for a Tam Holding Group project scheduled for release in 2026, maintaining consistency with the company's visual identity.
- Applied UI/UX principles to improve interface layouts, user interactions, accessibility, and overall digital product usability.
- Collaborated with team members to translate project requirements into practical design solutions and communicate design concepts.
- Created and developed multiple visual identities for projects within Tam Holding Group, establishing cohesive branding through typography, colour palettes, graphic elements, and consistent visual design across digital and print materials.

Writing Centre Mentor | University of Doha for Science and Technology

Qatar | 2024-2025

- Provided one-on-one academic writing consultations, helping students improve structure, clarity, and written communication.
- Delivered constructive feedback and supported academic workshops to strengthen students' confidence and communication skills.

Volunteer | University of Doha for Science and Technology

Qatar | 2022 - 2024

- Supported university events and collaborated with staff and volunteers to coordinate activities, improve participant experiences, and ensure smooth event operations.
